*Survey orders require a minimum purchase of 100 surveys. Surveys are sold on a per youth basis, but must be in increments of 25 due to packaging.

**Site-based Sub-reports are the same format as the aggregate report, but are based on a sub-set of youth completing the survey. For example, an individual school within a district may choose to have their own students' data reported separately in a sub-report as well as being included in the aggregate report.

***Non-site-based Sub-reports include reports that contain youth under one specific demographic variable, i.e. grade, gender, or race/ethnicity. Call Search Institute (1-877-240-7251) for a quote.
