

# Building Developmental Assets in School Communities

This workshop will describe the connections between Search Institute’s Developmental Assets® and student achievement, show how to build assets for every student, and empower educators to initiate, increase, and strengthen the asset-building efforts that already exist in their school.

## Key content:

- Become familiar with the connections between the asset framework and academic success.
- Commit to forming and maintaining relationships with students that are mutually respectful, caring, and genuine.
- Commit to personally becoming an asset builder for the youth in their school and life.
- Begin creating a plan for institutionalizing the Developmental Assets framework in their school communities.
