

## IDENTIFYING AND HIGHLIGHTING CORE VALUES

Use this worksheet to select tasks to help research and identify core values that can be approved by the school or district in direct support of an academic integrity initiative.

Task	Committee Members	Next Steps	Time Frame
Research school documents to identify existing core values and statements in support of integrity			
If relevant core value statements exist, create plan to integrate and publish in AIC materials (flyers, posters, policies, website, etc.)			
If relevant core value statements do not exist or are unclear, create plan with administration support to identify community consensus for core values			
Create plan to encourage administration and faculty reference to and application of core values			
Create plan to encourage student awareness, understanding, and application of core values			
Create plan to assess school community's understanding and application of core values
