Improving Organizational Outcomes and Climate

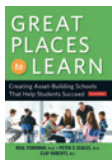

1. Assessment

Measure both Developmental Assets and student risk behaviors using our Profiles of Student Life: Attitudes and Behaviors (grades 6–12) or Me and My World (grades 4–6) survey. Your in-depth report displays results by total sample, gender, and grade. (*Includes up to 300 surveys.)

2. Theory

Handouts and workbooks help staff, students, and parents take action for positive change.

3. Practice

Draw from research and tried-and-true practices as you reach out to students and families.

Educator's Action Kit

The best of our practical, education-based resources are combined here! Now it's easier than ever to intentionally build assets in your school community with this updated and revised kit, filled with everything an educator needs to start building assets in the classroom immediately!

This action kit includes 26 resources that educators have found most helpful in providing a clear "curriculum" to integrating the assets in their schools. It includes books, mini-posters, booklets, posters, reproducible handouts, and a video. Visually stimulate students with the *In Our Own Words* posters and send them home with asset-building messages using the *150 Ways to Show Kids You Care* posters. Keep educators vibrant and inspired with stories from *Connecting in Your Classroom*. And, have an amazing library of activity books to use with all grade levels. A must for every school that has made a commitment to developing assets.

BONUS!

The kit comes in a handy rolling backpack, making it easy to wheel the resources into a classroom or meeting room and store them safely when they're not in use.
